Well everyone, another school year has finished. Didn't it go by soooooo quickly? ☺ We know that some of you still have exams, so we want to wish you the very best of luck.

We want to wish ALL our students, families, teachers and workers of the Institute a great holiday. Enjoy yourselves! Relax! Stay safe! Speak English and TAKE CARE!

We hope to see you back in September, ready for a new school year.

HAVE GREAT SUMMER HOLIDAYS

Some classes celebrated the end of year in class. Here are a couple of photos 😊

B teens – Trofa

C.A.E. – Trofa

Student's work

My city

My city is cold, it has several clouds in Winter. In the Summer it is often hot and sunny. In the Spring it is hot. In the Autumn it is always raining and there is a lot of wind.

My city is full of people and some cars. It has many shops but doesn't have a shopping centre.

My city has a lot of countryside, some forest and some hills, where there are horses. But it isn't by the sea.

My city is Ribeirão.

(Ana Sá Ferreira – Beg ch – Trofa)

My city

I live in Vila do Conde.

In my city there are lots of people.

In Vila do Conde there is a football team: "Rio Ave".

Vila do Conde has got lots of shops. The beach is fantastic.

There is a river.

In Vila do Conde there isn't nay countryside.

Vila do Conde has got lots of houses.

It's amazing.

(Afonso Silva – Beg ch – Trofa)

How to be successful in school

Are you good at school? Do you have good results? Here is some advice for you to start being a good student.

Firstly, you have to be polite and you have to concentrate in classes. How can you become a good student if you don't behave with your teacher and your classmates?

Secondly, you have to think about everything your parents do for you to be successful at school. They pay for you to have books to study and all these types of things. They work a lot so that you can learn correctly and feel good. So, you just have to do everything for them to be happy, like having good marks.

Thirdly, you must study and do you homework. If you study, you get good results and you feel more confident in tests. Teachers normally send homework. You think that they're not good because of that, but what they want is you to be good. They don't want to give you work but homework is a way for you to study at home.

Finally, if you do this I'm sure you'll be a better student. You just have to work hard and think that what you're doing now will help with your future! Good work and good luck!

(Beatriz Gomes – C teens – Trofa)

My city

In my city there is a river called Ave. it's in the north of Portugal. There are three churches.

In the center there is a park.

Trofa has lots of shops and cafés.

There is a train station near the churches.

People in Trofa are very friendly.

I love living in Trofa.

(Maria Oliveira – B eg ch – Trofa)

I've seen CSI: Cyber, a police show in which the main character is FBI Special Agent Avery Ryan (Patricia Arquette) – Ryan and her team try to solve cases like blackmail, cyber-theft and any other related to cyber crime.

The episode I watched was the first one of season 1. It is about baby monitors which are hacked and the hackers kidnap the babies to sell them in auctions.

In my opinion this show is pretty amazing because it can catch our attention by telling stories that seem very real and we don't really think about them. We don't see many shows like this one and that's why I think it's original and was a success.

The aims of the programme might be capture the attention to be alert and aware of cyber crime and not think that technology is most of the time safe because it's not.

Everyone underestimates the safety of technology and its dangers, but with this show people can get really scared and be more careful the next time they use it.

(Francisca Pinheiro – D teens – Trofa)

What am I going to do when I finish school?

When I finish school I hope to be a good student with great notes to go to university.

It takes a long time for that day, it takes 6 years, but then one day I wake up and this day came true.

I would like to go to university to study to be a lawyer. For now it's what I would like to do but I can change me mind in the future.

I would like to be a famous lawyer who defends the indefensive child and people.

I would like to learn the English language and take this diploma at the English institute.

(Ricky Maia – A ch – Trofa)

How to be successful in work

Would you like to know how to be successful in work? How to be indispensable for your boss? I give to you some advice that I consider essential to be successful in work.

First, you need to be punctual – it is a little thing that shows that you are responsible.

You need to be polite, too. At your work there are different types of people and sometimes it is very difficult to get along with them but if you are polite, the others are polite with you too and they respect you.

Remember to be organised, know when and where you are meeting and with who. Your desk must be clean and you should know where your things are.

Finally, you could want to be better and better. If you are ambitious, you want to learn more and it will be better to do your job.

So, be polite, organised, responsible and ambitious, and certainly you will be successful in work.

Good luck!

(Joana Tinoco – C adults – Trofa)

When I finish school I will take a medicine course. I want to be a doctor to help people with diseases and see them healed. When I finish university I will get a job. I would enjoy working in the hospital of Porto, the hospital S. João, because the doctors there are very friendly but sometimes we wait fro a doctor a long time. But any hospital is good to work. But what I want most is to take care of all the people in the work.

(Diogo Franclim – A ch – Trofa)
