HAPPY EASTER and good holidays everyone ☺

19th March is Father's Day.

Don't forget to give your dad a big hug and kiss on this day and tell him how much you appreciate and love him.

Here is how they say 'father' in different languages

Hebrew – Abba

Irish – Athair

Arabic – Babba

Japanese – otosan

Maori – Haakoro

Icelandic – Pabbi

Russian – Papa

French – Pere

Polish – Tata

Filipino – Taty

Dutch – Vader

Italian – Babbo

German – Papi

Maltese – missier

Greek – Babbas

Spanish - papa

Finnish – Isä

Hungarian - Apa

SPRING

Snow has melted away, and

Pretty flowers begin to bloom.

Rain drops fall throughout the season

In showers that go away as quickly as they come.

No other season is as beautiful and

Green as this time of year.

Student's Work

Beg children Trofa celebrating Valentine's

Valentine's Day

The people are funny,
Their hair is orange, red and grey
What is happening
On this special day?

The stars are gold,
The sky is blue
This night is wonderful
Because I'm with you.

(Catarina Pimenta - B Teens - St Tirso)

MY ROBOT

In the future, when everyone will make and use robots, I will make one that can do a lot of things, for example:

- It will know how to cook the food I will say him to do;
- It will find the right medicine when ever I will be sick;
- It will know how to clean the house;

But I will need to be careful, because it won't be a normal machine.

I will put a power button outside him; will put a water protection cap and so many revisions. But I think it is going to be very cool, because my life will be easier, it will do my house work for me.

(José Vinhas - B ch - Trofa)

Wouldn't it be nice...

If we could do all that we think but
When and where we want to,
In one minute, I would go
To every place in the world,
If I could, I would learn
Many things, many stories
If I could,
I would do many things
If I could...

(Inês Gonçalves - C Teens - St Tirso)

Arouca Geopark

Arouca Geopark is one of the most popular tourist attractions for people who like geology. The park is open everyday and there are a lot of places to visit there.

The park's just a short 20-minute drive from the town of Braga. There is free parking for visitors and the entrance fee is 7€ for adults and 4€ for children between the ages of 5 and 12. Children under the age of 5 don't have to pay.

Inside the park there's a gift shop, a picnic area and lots of places with different geological features. The main attraction though is the "Pedras Parideiras". This is a large number of rocks that only exist in this geopark. Other interesting places to visit are "Miradouro da Frecha da Mizarela" and "Campo de Dobras da Castanheira".

I'd definitely recommend a trip to Arouca Geopark, particularly if you are a 10th grade student. In my view, people who like geology or students will really enjoy a day out there.

(Carolina Alves - D Teens - St Tirso)

A ch Trofa – Animal projects

Well done to our students in A children class in Trofa, for their great effort and creativity in doing a project on an animal of their choice. 😊😊😊

My most embarrassing moment was when a friend went with me to the cinema.

That day we had decided to meet at the shopping in Porto. When we met, we saw a friend from school and we went to the Continente to buy popcorn and coca-cola (It was cheaper than at the cinema).

We came to the cinema and three embarrassing but funny things happened.

First, we sat down in the wrong chairs. Then in the middle of the film, my friend opened her coca-cola and we all got wet.

Finally, my other friend when leaving the cinema, stumbled on the stairs.

After realizing she didn't hurt herself, we couldn't stop laughing.

(Ana Carolina Pereira – B ch – Trofa)

Last Saturday

Last Saturday I got up at 11:30. After I had breakfast. I did my homework. I got dressed and at 1:30 I had lunch with my parents and my grandparents in my grandparents' home.

I went home and finished doing my homework.

Then I went to a shop in Famalicão and came home.

My mother invited my godmother, her husband, her daughters and two friends to have dinner at my house.

At 12:00 they went to their homes.

(Diana Braga – A ch – Trofa)

My robot

One day, I created a robot.

The name of the robot is Nuno3000. He will do my homework because I don't like to do it. He will make my bed and other domestic tasks to help my mother. He will carry me when I'm tired. When I can't carry heavy things, he will carry those things. He won't have a shower. He won't fly because he is very heavy. He won't break walls because he is fragile. He won't eat because he hasn't got a stomach. He won't cry because he hasn't got sentiments.

This is Nuno3000.

(Nuno Lopes – B ch – Trofa)

JOKE TIME

Why won't the elephant use a computer?

He's afraid of the mouse.

Why did the computer go to the doctor?

It had a virus.

What do prisoners use to call each other?

Cell phones.

What is orange and sounds like a parrot?

A carrot.

If you drop a white hat in the Red sea, what does it become?

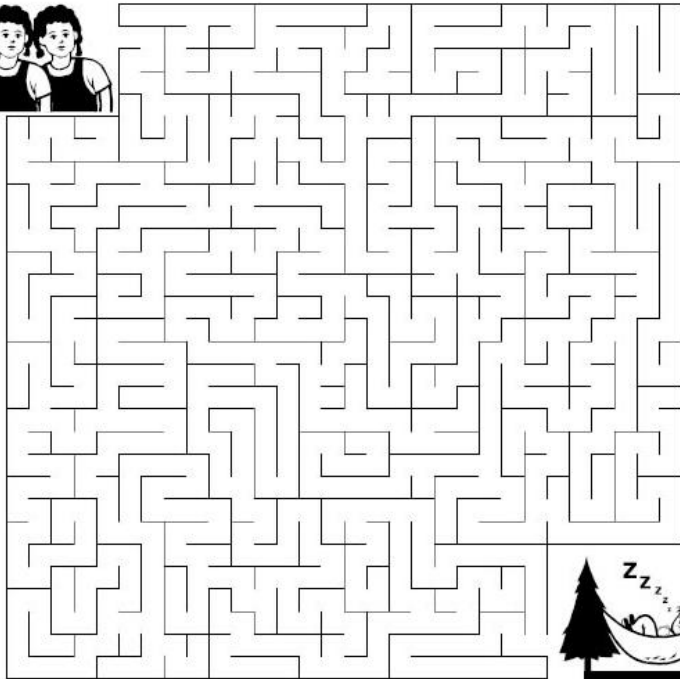

Wet.
