Spring is coming and all the animals are coming out of their homes and kids come outside to play. Flowers are blossoming, and trees are blowing, and bees are buzzing. Bunnies are hopping, frogs are jumping, dogs are barking. That's why I love Spring!

My village

Hello, my name's Tiago and I live in Alvarelos. It's a village on the north of Portugal in the Minho region. It has beautiful landscapes. Alvarelos is full of interesting history marks. It's an old and small village. There is a church. It's a quiet place. There aren't any cinemas. There are lots of festivities and processions. People are very friendly. Alvarelos is a lovely place to live.

Trofa then and now

My name is Pedro and I live in Trofa. Trofa was a small town without a lot of flats but a lot of fields. It wasn't a very popular town on that time but then some people decided to live there so they build a lot of buildings and Trofa has become a city. The rich people seeing that Trofa was a big city they build some restaurants and one aquaplace with swimming pools and a camara. And now Trofa is a big city with a lot of restaurants, people, a swimming pool... I love my city.

"Money is the most important thing in life." Do you agree?

Many people dream and fight all their lives to have a lot of money. Should money be the main objective in human life?

There are many reasons why people give such great importance to money. Firstly, with money we can buy a status, i.e., a position in society. Secondly, a lot of money allows people to choose their path (we can choose the jobs that we want to do, for example).

On the other hand, people also say that with a lot of money come a lot of problems. For example, when we have a lot of money, people try to make friendship with us because of the money and not because they like us. Money can buy many things, but it can't buy feelings.

To conclude, money brings some advantages and some disadvantages. In my opinion, money is important but not the most important thing in life.

Jesuitas is one of the most famous pastries in Santo Tirso. The best ones are produced by "Confeitaria Moura" but there are two other patisseries that produce them, "Confeitaria São Bento" and "Confeitaria Algarve".

The best patisserie is in the centre of the city. There isn't free parking in front of "Confeitaria Moura" but it's here that you can enjoy their specialty: Jesuitas and Limonetes. This patisserie is decorated in quite a modern way and their waiters are always nice. We can say that everything is sweet there.

But what are Jesuitas made of? A lot of love, sugar and puff pastry. And why is "Confeitaria Moura" the best? It's the best because their pastries are lighter and tastier.

I'd definitely recommend trying this pastry and the many others they produce, like Limonetes and Eclairs. In my view, people all ages will enjoy eating these pastries.

DAD JOKES 😊😊😊😊😊

Teacher (on phone): You say Michael has a cold and can't come to school today? To whom am I speaking?

Voice: This is my father.

Johnny's father: Let me see your report card.

Johnny: I don't have it.

Johnny's father: Why not?

Johnny: My friend just borrowed it. He wants to scare his parents.

One evening a little girl and her parents were sitting around the table eating supper. The little girl said, "Daddy, you're the boss, aren't you?" Her Daddy smiled, pleased, and said yes. The little girl continued "That's because Mummy put you in charge, right?"
