Look at Our Excellent Work!

Hi. My name is João and I am 13 years old. I'm friendly and a talkative person. My hobby is playing tennis. Normally I go to practise every day except Mondays. Sometimes I play with my brothers and the people who is there and sometimes I play with my teacher. He is a really good teacher. At weekends normally I go to play in tournaments. Sometimes I win and sometimes I lose. In tournaments I do new friends and this is good. Of course everyone loves win but we have to know how to lose.

Dear Mrs Fairfax,

Thank you for your email.

The project about the important people in our lives and how we spend time with them sounds really interesting.

I belong to many groups of people like my family, my close friends, my university friends, my work group because I work part-time on weekends and my ballet group.

I love to belong to all the groups because all of the people who are part of them integrate me very well, but I think the groups I feel most part of are my family and my close friends. They are the people who have known me forever and know me very well.

They are people who help me in everything they can and like me for who I am. I love them.

I also really like belonging to the ballet group because it's the only time I have all to myself and I can forget the stress I have in everyday life with work and school. I would prefer to prepare my project on the school blog. I look forward to starting this project.

All the best,

Marta Maia

So today I am going to talk about me! More specifically about my favourite hobby, Ballet. My name is Maria I am 13 years old and I practise ballet since I was 6 years old. I'm persistent, helpful but people

think I'm a bad person but when they meet me, I'm a really good friend. Ballet is my vibe, I love it and I have really good friends on my class we have been together since we were 6 years old.

We learn so much, not only how to dance, we learn how to have posture and we need to be confident in our self because we do an IDTA exam every year.

I practise ballet twice a week, on Mondays and on Saturdays and I'm starting to learn really good things, the famous ballet points.

In the future I would like to be a ballet teacher because I really love children.

My Comfort Place

Have you ever asked yourself about what do you think makes a house a home? To be honest, I never thought about that until now.

In my opinion, what makes you feel home is living with the people you like the most and having things you like there.

The first thing I like best about my home is the fact that I live with my family. I would like to live with my friends as well, as they are some of my favourite people in the world.

As well as that, I can call my house "Home Sweet Home" because of the things I have there, more exactly, in my bedroom. I have some posters, books and some "toys" I am collecting. I really love those things and they remind me of my favourite people; friends, idols etc, which makes me comfortable in my house.

I believe that what makes a house your home is living with the people you love and having things that you like a lot that remind you of what you love.
